

Multi-Level Booths

A Show Permit and Plans for all two story booths must be approved and stamped by a licensed structural engineer or architect and must be submitted to the Anaheim Fire Department, Prevention Division prior to installation. The Show Permit can be found in the Rules & Regulations section.

- All such plans must bear the stamp of a registered structural engineer or certified architect and be accompanied by a letter from the engineer or architect stating that the booth conforms to the current Uniform Building Code.
- The second story of a two-story booth equipped with one staircase will be limited to an occupant load of nine (9) persons. An occupant load sign will be required.
- The Anaheim Fire Department requires that all fully enclosed exhibit space be equipped with smoke detectors and an enunciator located on the exterior of that space.

Questions and/or plans may be submitted to:
